

Quick and effective communication among stake holders is essential for progress of any organization. Students, faculty, supporting staff need to communicate among themselves and with persons outside the Institute – other organizations, alumni, parents of students, prospective students and employees, government officials and the public. A smart and comprehensive communication system consisting of letter mail, email, telephone, fax and mobiles is essential.

NITK Surathkal, a premier engineering Institute of our country has established an extensive and efficient communication infrastructure. The Institute has set up high speed voice and data campus-wide network, which can be reached from every laboratory, hostel room or residential quarter. To use this facility effectively, we need a directory of telephone numbers and email addresses which is widely available. It gives immense pleasure to present this “Telephone Directory” to the NITK community and sister concerns. This Directory provides the contact numbers of local utilities, hospitals and other agencies for the benefit of the NITK community.

It is our earnest hope that the new directory will be helpful to all users. In addition to making a phone call or sending an e-mail, users are requested to use the special features of our telephone and e-mail systems.

Many individuals have contributed to the creation of this document. We record our appreciation of the meticulous work put in by Dr. M. Kulkarni, Faculty In charge (Internal Telephones & Centrex facility), Mr. K. Manjunath Sharma, Dept. of Electrical and Electronics Engineering, staff of TEQIP and E & C Department.

Although every effort is made to minimize errors, they may still be present in this compilation. Any such observations, may please be informed to Dr. M. Kulkarni, for future incorporation.

The Institute is located amid 300 acres of sylvan surroundings on the east and sun-kissed sands of the Arabian Sea to the west. 22 kilometers North of Mangalore City along the Kanyakumari-Mumbai National Highway 17, NITK is easily accessible from all parts of the country. Surathkal (please do not confuse this place with Surat which is in Gujarat), on the Konkan Railway, is the nearest railhead and is a stopover for most trains passing through Konkan Railway. While Surathkal and Kankanady are the closest alighting points for visitors coming by train from the North; Mangalore is the Terminus for many trains from South India.

The campus is in the midst of beautiful rural settings. On the western side lies the vast serene Arabian sea and its beautiful, natural unspoilt beach. The campus, having an area of about 295 acres, is one of the finest sites on the coastal area. It accommodates the residential housing colony for the faculty and staff, and hostels for all the students.

The vast greenery in and around the college campus holds the magic key to the peace & tranquility. Green Parks, gardens, playing grounds, Special field's etc are all provided in order to develop the talent of the students & to give everyone a peaceful atmosphere. The sandy beach line of the campus is frequented by the students & faculty owing to its scenic beauty. The campus offers an undisturbed and peaceful environment for education. The campus life and the college facilities encourage students to mould and shape their personality and to acquire all round capabilities and inter-personal skills. The opposite side is surrounded by a cluster of tiny villages.

Being in the west coast, either it rains or shines. Either way the humidity is quite high or the proximity of the sea is the solace. Rains can be quite heavy. Umbrellas / Rain ware and appropriate clothes and footwear are a must to manage with the seasons.

Passengers alighting at Surathkal station can engage auto rickshaws that will take them to the college 2 km's from the station for Rs.20/-. Further, one could also reach Surathkal Bus Stand and board regular service buses that ply via the college. At Kankanady, bus route no.11 from the station takes one to Mangalore City during the day time. From Mangalore Railway Station, all Express buses to Udupi, Manipal or Karkala drop you at the College Express Bus Stop which is closer to the Administrative Block, Departments, Girls Hostel Block, and the Guest House. There are also many Service buses from Mangalore to Kinnigoli, Kateel, Mulky and Padubidri that pass through NITK and stop at all four Bus Stops across the College campus, the first being the Boys' Hostel. However, you may still have to use the old acronym KREC to the taxi drivers and the bus conductors. Kannada and Tulu are the main languages spoken in DK (that is Dakshina Kannada). But the friendly DK-ite is likely to quickly put you at ease by responding in your own language! Almost all south Indian languages can be used here. So are Hindi and English.

Bus Routes from Mumbai, Goa and Bangalore (that terminate at Udupi-Manipal) pass through the College and visitors can disembark right away.

All visitors with wards at NITK can apply through them in advance for accommodation at the International Hostel (IH) and the College Guest House. Besides these, Surathkal and Mangalore are dotted with a flurry of lodges, food Joints and Shopping Complexes. Mangalore and Udupi are the nearer towns. **Travel time by train, bus and air to NITK (Timings are approximate and do not add the breaks in journey)**
