

Inauguration of **Bio-Waste Recycle Pilot Plant Project**

25th March 2021 – Mangalore, NITK Campus
1:30 pm (IST, India Standard Time)

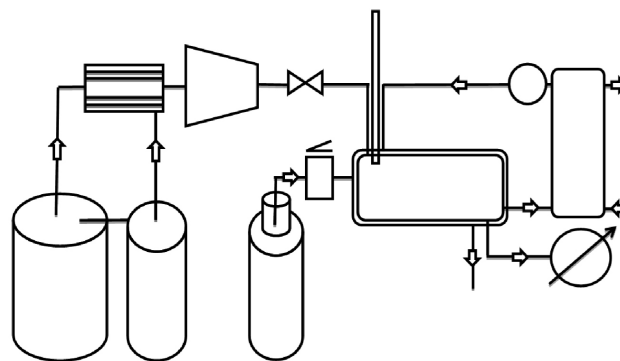

National Institute of Technology Karnataka, Surathkal and Maire Tecnimont Group: building future together for energy transition

We are glad to invite You to the inauguration of Waste to Energy pilot plant built in NITK Campus thanks to the support of Tecnimont Private Limited, the Indian company of Maire Tecnimont Group, in cooperation with NITK.

This shared initiative was aimed at offering new education opportunities in the energy transition sector for the next generation of Indian engineers, but also creating a small-scale renewable energy infrastructure, to address the NITK campus energy needs in a more sustainable way.

Top levels of both Maire Tecnimont Group, NITK, Local Institutions and Indian governmental representatives will attend the event.

A cutting-ribbon ceremony at plant premises will precede the event.
