

A Self-Financed Online Short Term Course on PCB Design using Open Source Tools

26 – 30 October, 2020

Organized by

NITK-STEP

&

Department of

Electrical & Electronics Engineering

National Institute of Technology Karnataka,

Surathkal,

Mangalore - 575 025

ABOUT NITK

NITK Surathkal is a premier institution engaged in imparting quality technological education and providing support to research and development activities. NITK is recognized as an institute of national importance by an act of parliament. NITK has carved a niche for itself among the best technical institutes in India. NITK offers 9 UG, 26 PG programs and PhD programs.

ABOUT NITK-STEP

NITK-STEP (formerly KREC-STEP) was established on 31st August 1994 in KREC campus. It is situated in an independent location in the complex of NITK about 23 K.M. from Mangalore city, adjacent to N.H. 66 and adjoining the Arabian Sea beach. Out of 16500 sft. built up area, 8500 sft. consists of Entrepreneurs' Block and the remaining area comprises of computer laboratory, conference hall and administrative block. It is an entrepreneurial driven self-sustaining body.

DEPARTMENT OF EEE

The Department of Electrical Engineering was established right from the inception of the institute in 1960. The post-graduate programme in Power and Energy Systems was started in the year 1992. Formal research activities leading to a doctoral degree (PhD) were introduced in the year 2003. The department has always exerted the best of its efforts to meet the objective of achieving technical excellence. The department is actively involved in research, development, testing and consultancy activities. There are several full-time PhD scholars pursuing research in the department, in addition to a large number of part-time registrants. Department has been extending need-based services of testing and consultancy to the industrial sector. Its R & D activities have gained momentum with funding/MoU from governmental agencies/industries.

ABOUT THE COURSE

Printed Circuit Boards (PCBs) are employed in industrial electronics, domestic electronics, robotics, embedded systems and in almost all the electronic gadgets. This short term course is aimed to provide complete knowledge on designing of PCBs using open source tools. At the end of this course, the participants will be able to design PCBs of their own for their projects. The contents of this course are:

- Basics of PCB design
- Introduction to PCB design software
- Creation of schematic for PCB
- Component foot print design
- Creation of board layout for PCB
- Component orientation and placement
- Routing procedures, Two layer PCB design
- Generation of Gerber files

RESOURCE PERSONS

All the sessions of this course will be handled by industry experts.

COORDINATORS

Dr. V. Vignesh Kumar

Dr. Y. Suresh

Dr. B. Dastagiri Reddy

Dr. H. Nagendrappa

Dr. B. Venkatesa Perumal

Department of

Electrical & Electronics Engineering

National Institute of Technology Karnataka,

Surathkal, Mangalore-575025

REGISTRATION FEE

The registration fee for

- Faculty/Industry persons- Rs.350/-
- Students(UG/PG/PhD)-Rs.250/-

HOW TO APPLY

A dully filled in registration form in the prescribed format along with screen shot of transaction details should be uploaded in the google form on or before last date.

Link for Registration:

<https://forms.gle/QDb79oNsHfYmFh1C9>

- This short term course will be on virtual mode, the coordinator(s) will send the details for joining the online sessions to the email ID of the registered participants.
- E-Certificate will be provided to the participant with no absenteeism.

IMPORTANT DATES

Duration of STC: 26.10.2020 – 30.10.2020

Last date of registration: 20.10.2020

Confirmation by E-mail: 22.10.2020

Course Timings: 6.00 p.m. – 8.00 p.m.

BANK DETAILS FOR ONLINE TRANSFER

Account Name: Director-STEP

Account No.: 8517101005614

Bank Name: Canara Bank

Branch: NITK Campus, Surathkal, Mangalore

IFSC code: CNRB0008517

Registration fee can also be paid
by scanning this QR code:
