Cognitive 2021(31/7/21&1/08/21)

This was an interschool quizzing competition for students from grades 8 to 12. The preliminary round was held on 31st July and saw participation from over 40 teams from 35 schools spread across India and the Gulf countries. Only the best 8 teams qualified for the finals, which were held on 1st August.

The format of the quiz was similar to college quizzing, and it was extremely well received by the students, as it was very different from the conventional trivia based quizzes that are popular in school circles.

The finals were also livestreamed on the LSD-NITK youtube channel
